

AOPA
FOUNDATION

ANNUAL
REPORT

AOPA FOUNDATION

ABOUT THE AOPA FOUNDATION

As the philanthropic arm of the Aircraft Owners & Pilots Association, the AOPA Foundation raises funds for two vital programs—the You Can Fly program and the AOPA Air Safety Institute.

Generous donors like you fund these lifesaving, life-changing programs through charitable gifts above and beyond their AOPA membership dues. Together, we are building a stronger, safer pilot community.

MISSION OF THE AOPA FOUNDATION

The AOPA Foundation, Inc.—a tax-exempt charitable, educational, and scientific organization—educates the general public on the value of general aviation. The AOPA Foundation works to improve aviation safety, preserve and improve community airports, and encourages learning to fly for career and personal benefit—all in the interest of ensuring the future of general aviation in America.

A MESSAGE

FROM MARK BAKER

Donors like you have a significant impact on general aviation, helping pilots fly more safely while also building a more robust pilot community through the AOPA Air Safety Institute and You Can Fly program.

In 2021, the AOPA Foundation continued pushing ahead through the pandemic. Thanks to the generosity of our donors, vital safety content was produced by the AOPA Air Safety Institute, and the You Can Fly program continued to create significant opportunities for pilots of all experience levels.

Last year, content from the AOPA Air Safety Institute—the largest provider of free aviation safety content in the world—was utilized 8.6 million times. Your contributions keep materials up to date, relevant, and free of charge for all pilots.

The AOPA Foundation's You Can Fly program delivered aviation STEM education to hundreds of classrooms across the country and helped students discover and prepare for exciting aviation careers. You Can Fly also launched the AOPA Flight Training Advantage app—AF^{TA}—designed to help make the process of flight training more effective.

Since the You Can Fly program began in 2014, it has launched nearly 200 flying clubs, which provide pilots with greater access to aircraft and community, while also helping more than 10,000 formerly rusty pilots return to the pilot seat.

Thanks to you, these programs are making a meaningful and significant impact every single day. Your support directly influences our ability to keep these programs growing.

Together we are fueling the future of aviation—building a stronger, safer pilot community.

Blue Skies,

Mark R. Baker

*President & Chief Executive Officer
AOPA Foundation*

“

YOU, AND ALL THE CONTRIBUTORS LISTED ON THESE PAGES, ARE FUELING THE FUTURE OF AVIATION. THANK YOU FOR HELPING TO BUILD A STRONGER, SAFER PILOT COMMUNITY FOR OURSELVES AND FUTURE GENERATIONS.

— **Mark R. Baker**

President & Chief Executive Officer
AOPA Foundation

A MESSAGE

FROM ELIZABETH TENNYSON

Because of you—our dedicated donors—the AOPA Foundation is able to support pilots throughout their entire aviation journey. With four targeted initiatives, the You Can Fly program helps pilots at all stages experience the thrills of flying. Research and educational resources provided by the AOPA Air Safety Institute help active pilots fly more safely—myself included. Your support provides critical funding for these initiatives, as they are not covered by AOPA membership dues.

The AOPA Air Safety Institute and You Can Fly program have had a tremendous impact this past year, as you will see in the following pages. This would not be possible without your generosity.

Together, we are ensuring brighter skies for the future of general aviation.

With gratitude,

A handwritten signature in black ink, appearing to read "Elizabeth A. Tennyson".

Elizabeth A. Tennyson

Senior Vice President, AOPA Foundation, You Can Fly

CHAIRS

AOPA FOUNDATION

Matt Desch

President's Council Chair

“As an AOPA member since 1976, I couldn’t be more proud of the important work AOPA does in representing general aviation. It is my honor to serve as the Chairman of the AOPA Foundation President’s Council to support key initiatives like the AOPA Air Safety Institute and You Can Fly program—funded by philanthropic contributions to the AOPA Foundation. Please join me in continuing this life-changing, lifesaving work by becoming a member of the AOPA Foundation President’s Council.”

Barry Schiff

Legacy Society Chair

“Like many other pilots, my entire life experience has benefited from my connection to aviation. While I’ve also managed to make a career in aviation, anyone who experiences general aviation knows that the discipline and perspective you have as a pilot enriches all areas of your life. And for that I am grateful and want to make sure that others have the same opportunities that I had. My legacy gift to the AOPA Foundation will help assure that happens.”

Michael Goulian

Hat in the Ring Society Chair

“Aviation has been both a vocation and avocation for me. There is no passion on Earth like ours for flying. We’re a tight-knit community and there are so many ways to give back to general aviation. I am happy to be part [of] one of those ways—an important one.”

AOPA AIR SAFETY INSTITUTE

MILESTONES AND ACHIEVEMENTS

For more than 70 years, the AOPA Air Safety Institute (ASI) has been leading the general aviation industry in creating and shaping new safety initiatives through engaging education, industry collaboration, research and analysis, and community outreach.

Despite the global pandemic, general aviation flight activity remained strong in 2021. It was the safest fiscal year on record with a 29 percent year-over-year improvement in the fatal accident rate from 2020. Accidents were well below the not-to-exceed target—an annual glide path established by the General Aviation Joint Steering Committee (GAJSC) to monitor progress toward a goal of reducing fatal accidents by 10 percent over 10 years.

With content accessed more than 8.6 million times in 2021, ASI continued to expand its safety message and influence on general aviation safety based on five guiding principles—knowledge, training, proficiency, equipment, and safety culture.

DATA ANALYSIS

Insightful and accurate accident analysis and research allowed ASI to create educational materials, build relationships in the aviation community, and influence the safety culture of general aviation. As a result, ASI provides the most comprehensive and widely used analysis of general aviation accidents in the industry.

Ongoing research and data analysis ensure ASI is focusing on relevant topics that help to address current and future general aviation safety needs.

2021 HALLMARKS

- Released the 31st **Joseph T. Nall Report**
- Co-chaired a new government/industry task force aimed at addressing unintentional VFR flights into instrument meteorological conditions (IMC)
- Took a leading role on a new working group under the GAJSC to address the fifth deadliest cause of general aviation accidents: system component failure of non-powerplant items
- Work began on a new VFR into IMC safety spotlight using data from NASA's Aviation Safety Reporting System (ASRS).
- Migrated NASA ASRS data to an AOPA database for research and analysis—updated monthly.

DESIGN & DEVELOPMENT

The AOPA Air Safety Institute leveraged modern platforms and technology to reach audiences worldwide. To promote safer flying and a stronger safety culture across general aviation, content was continually updated with data-driven, engaging, and insightful educational information.

2021 HALLMARKS

- **6.9 million** views on YouTube
- 1.1 million downloads of ASI's *"There I Was..."* podcasts
- Three new ***Accident Case Study*** videos
- Created a four-part video series to address the top four accident and incident causes that are driving up insurance rates
- Revealed a new ***Reality Check*** video that provides insights into making the "impossible turn" possible
- Launched a new video series called ***Early Analysis*** that provides preliminary assessments of general aviation accidents—addressing notable portions of the tragic flight and highlighting areas the NTSB will likely investigate to determine a probable cause
- Produced the quarterly ***CFItoCFI*** newsletter, distributed to 55,000 flight instructors and subscribers

DELIVERY & OUTREACH

As the pandemic limited in-person events, the AOPA Air Safety Institute transitioned smoothly from the in-person CFI refresher course to the online flight instructor refresher course (eFIRC). Simultaneously, the team created a virtual edition of the seminar program, which was previously held in person.

Today, we're meeting pilots where they are—creating and delivering engaging monthly webinars on a variety of key safety topics in a convenient and efficient way.

2021 HALLMARKS

- **Renewed more than 6,500** flight instructor certificates
- Launched a new AOPA Backcountry Outpost in Bozeman, MT, to increase the AOPA Air Safety Institute's presence and influence in a region ripe with opportunities for improving GA safety and AOPA outreach
- Created a new backcountry safety coalition with representatives from backcountry aviation organizations, type clubs, and manufacturers to identify and implement new safety initiatives, resources, and outreach across the region
- Delivered 18 webinars and 23 in-person safety seminars; with 8,833 and 2,239 participants, respectively

YOU CAN FLY

MILESTONES AND ACHIEVEMENTS

By supporting current and future pilots at key points in their journey, the You Can Fly program is cultivating a new generation of aviation enthusiasts. To build a more robust pilot community, this program focuses on exposing younger generations to aviation, improving the flight training experience, getting lapsed pilots back in the air, and making flying more affordable and accessible.

With a series of ambitious, measurable goals, each of the four You Can Fly initiatives is making a difference for the aviation community.

HIGH SCHOOL

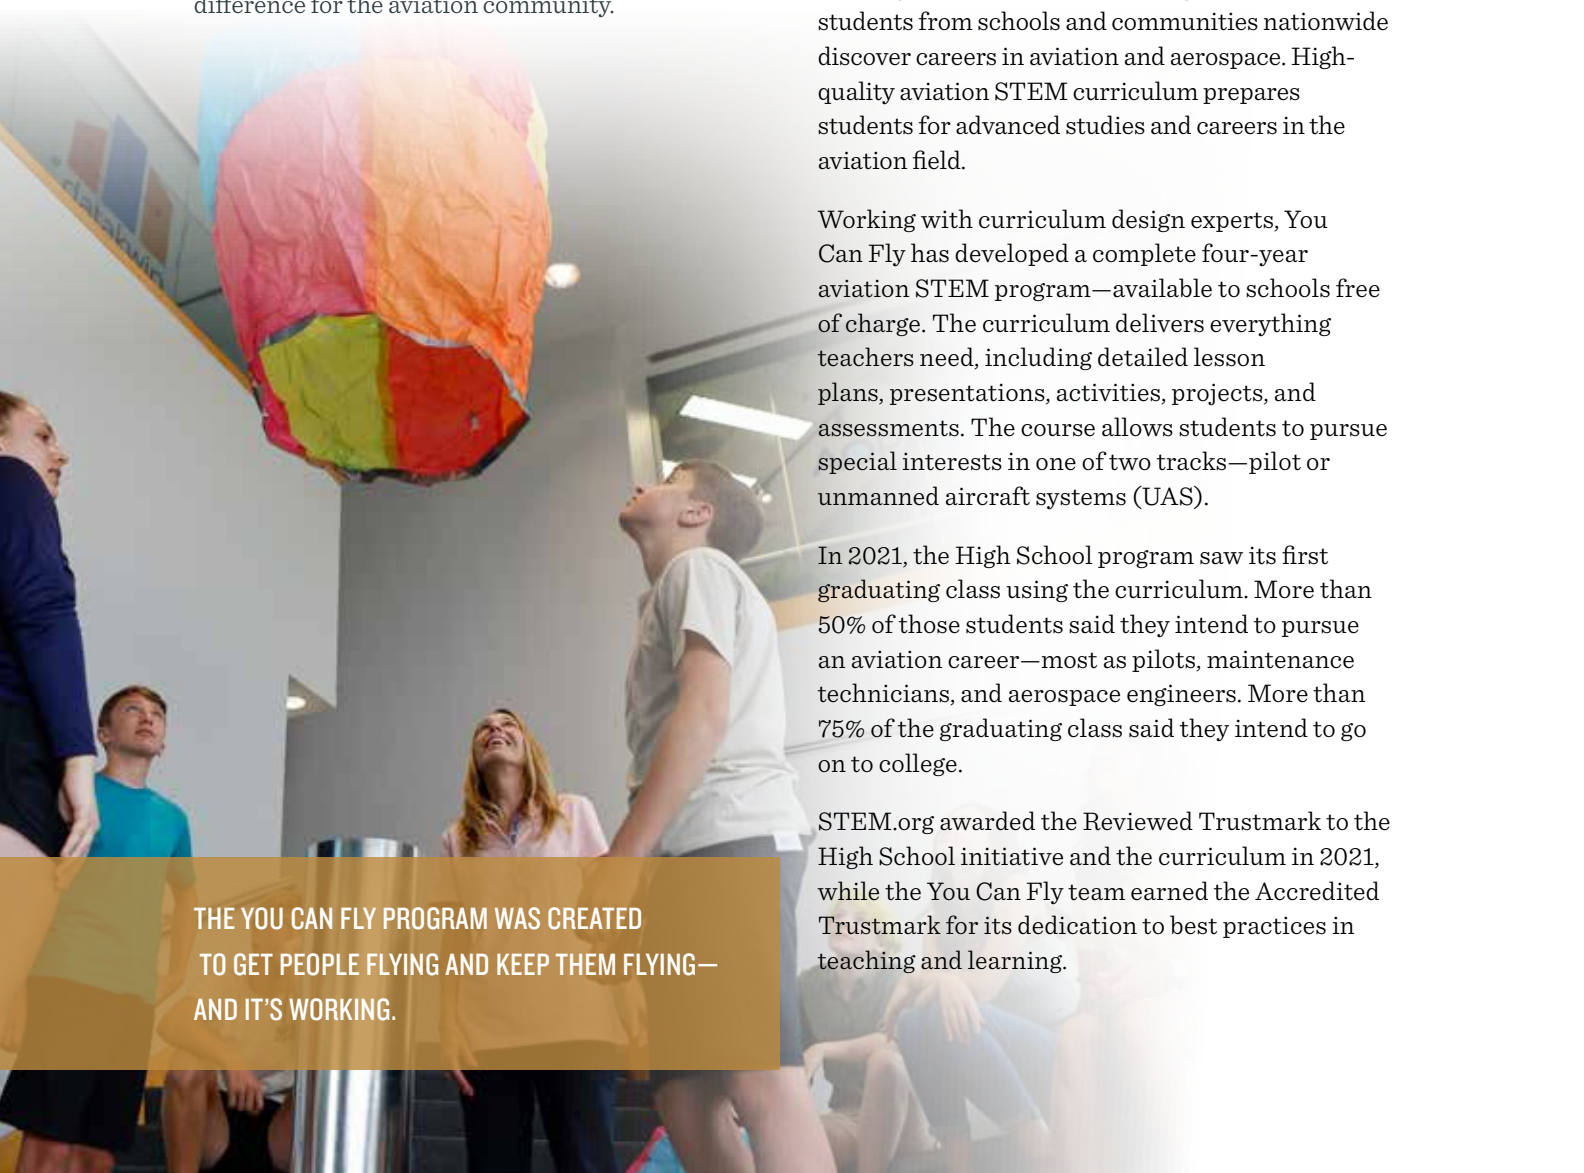

The High School initiative is designed to help students from schools and communities nationwide discover careers in aviation and aerospace. High-quality aviation STEM curriculum prepares students for advanced studies and careers in the aviation field.

Working with curriculum design experts, You Can Fly has developed a complete four-year aviation STEM program—available to schools free of charge. The curriculum delivers everything teachers need, including detailed lesson plans, presentations, activities, projects, and assessments. The course allows students to pursue special interests in one of two tracks—pilot or unmanned aircraft systems (UAS).

In 2021, the High School program saw its first graduating class using the curriculum. More than 50% of those students said they intend to pursue an aviation career—most as pilots, maintenance technicians, and aerospace engineers. More than 75% of the graduating class said they intend to go on to college.

STEM.org awarded the Reviewed Trustmark to the High School initiative and the curriculum in 2021, while the You Can Fly team earned the Accredited Trustmark for its dedication to best practices in teaching and learning.

THE YOU CAN FLY PROGRAM WAS CREATED
TO GET PEOPLE FLYING AND KEEP THEM FLYING—
AND IT'S WORKING.

2021 HALLMARKS

- More than **12,000 students** across **44 states** using the curriculum
- More than **320 schools** delivering 9th through 12th grade courses—a 50 percent increase from 2020
- More than **1,100 participants** in the virtual AOPA Foundation High School Aviation STEM Symposium
- Flight training scholarships totaling more than \$1.1M awarded to aspiring pilots, thanks to the generosity of the Ray Foundation and other donors

FLIGHT TRAINING

Every pilot starts as a student, and a great flight training experience is the foundation for a lifelong love of flying. The Flight Training initiative was developed to help students complete their training and help schools and instructors deliver the kind of experiences that today's pilots demand.

Research has shown that up to 80 percent of flight students drop out of training before they earn a pilot certificate. To reduce that figure, the Flight Training initiative offers a combination of technology, training, support, and recognition for flight schools and CFIs.

2021 HALLMARKS

- Launch of the **AOPA Flight Training Advantage (AFTA)** flight training platform, including an iPad app and web portals
- More than **28,000 viewers** participated in webinars designed to support pilots and flight schools
- More than **7,000 pilots** evaluated their flight schools as part of the Flight Training Experience Survey, and the best schools nationwide were recognized for delivering exceptional training experiences

RUSTY PILOTS

Sometimes life gets in the way of flying—but once a pilot, always a pilot. When lapsed pilots are ready to return to flying, the Rusty Pilots initiative is there to make it easier. In-person seminars and online courses help pilots refresh their knowledge and connect with flight schools and instructors to complete a flight review and get back in the air.

As of late 2021, more than 10,000 pilots had regained their currency after attending a Rusty Pilots seminar, webinar, or completing the online course. Since 2014, more than 42,000 people have participated in Rusty Pilots. About 40 percent of these attendees were current pilots looking to sharpen their knowledge.

2021 HALLMARKS

- Flight reviews were completed by more than **1,000 program participants**, totaling **more than 10,350 participant flight reviews since the program's inception**
- Delivered **49 live and virtual seminars**
- 50% of lapsed pilots who participated in the online course reported completing a flight review
- More than **1,800 online course completions**

FLYING CLUBS

Greater access to aircraft at lower cost—plus a community of fellow pilots to share the fun and help keep people engaged and flying. That's just some of what flying clubs can deliver to their members.

The Flying Clubs initiative focuses on giving more pilots access to club membership by helping to launch new clubs and providing support for existing clubs to thrive. With extensive online resources, workshops, and even one-on-one assistance, it's never been easier to start a new club and share the advantages of aircraft ownership.

2021 HALLMARKS

- **33** new flying clubs launched, totaling 197 clubs since the program's inception
- **24** "Maximum Fun, Minimum Cost" seminars and webinars delivered
- **Hosted 21** "Ask an Ambassador" live episodes with more than **45,900 views**
- Delivered **12** Flying Clubs Radio episodes

SCHOLARSHIPS

2021

Among the AOPA Foundation-funded efforts to grow the pilot population, flight training scholarships provide important financial assistance to help aspiring pilots achieve their dreams of flight.

In 2021, 124 scholarships ranging from \$2,500 to \$14,000 each were awarded to individuals nationwide. The recipients ranged in age from 15 to 62, and while they each had a unique story about their path to flight training, they shared a common passion for aviation.

Thanks to the generosity of the Ray Foundation, \$1M in scholarship funds were awarded to 80 high school students and 20 teachers utilizing the You Can Fly high school STEM curriculum.

More than \$115,000 in additional scholarships—funded by generous donors like you—were presented to 24 future and active pilots to apply toward a primary certificate or advanced rating. As a result of this program, the future of general aviation is stronger and brighter.

“I just wanted to take a moment to express my gratitude for the AOPA Foundation Flight Training scholarship for teachers. For the first time in my training, I know that the goal of my private pilot certificate is within reach and not just a measure of faith. My goal is to finish my private certificate and work continually towards my CFI rating. I hope to partner with AOPA as an ambassador of the flight training scholarship program.”

— Raymond D. Gonzalez

“

FOR THE FIRST TIME IN MY TRAINING, I KNOW THAT THE GOAL OF MY PRIVATE PILOT CERTIFICATE IS WITHIN REACH...

— **Raymond D. Gonzalez**

2021 AOPA Foundation Flight Training Scholarship Recipient

A photograph of three people walking on an airfield. On the left, a woman in a blue shirt and black pants carries a red bag and a plaid shirt. In the center, a woman in a white shirt and black pants carries a black bag. On the right, a man in a grey shirt and light blue shorts carries a black bag. They are all smiling and looking towards the right. In the background, the wing and tail of a small airplane are visible against a clear sky.

2021 YOU CAN FLY CHALLENGE

A MATCHING GRANT FROM THE RAY FOUNDATION

For the sixth time in as many years, the AOPA Foundation was challenged by the Ray Foundation to raise funds in support of the AOPA Foundation's You Can Fly program. The Ray Foundation, established by the late pilot and philanthropist James C. Ray, agreed to provide a matching grant of up to \$2.5 million for donations made during the You Can Fly Challenge fundraising campaign in 2021.

Thanks to the generosity of more than 4,500 donors, the AOPA Foundation met and exceeded the Challenge goal. Donor contributions topped out at more than \$3.5 million, resulting in more than \$6 million in funding to get and keep more people flying! Many thanks to all who helped make the 2021 You Can Fly Challenge a success, and to the Ray Foundation for its philanthropic and visionary support of You Can Fly.

AOPA FOUNDATION

The AOPA Foundation, a 501(c)(3) charitable organization, is the philanthropic arm of AOPA. Donor contributions fund programs that membership dues don't cover, including the AOPA Air Safety Institute and You Can Fly program. The goal of the AOPA Foundation is to fund opportunities of growth beyond what AOPA membership dues can accomplish, for the entire general aviation community.
