## ABOUT THE AOPA FOUNDATION

The AOPA Foundation raises resources to fund important work that membership dues don't cover, including the You Can Fly program to get *and keep* more pilots flying, and the AOPA Air Safety Institute to help pilots fly more safely. Together with our generous donors, we are building a stronger, safer pilot community to protect our freedom to fly and create a brighter future for general aviation.

## AOPA FOUNDATION MISSION

The AOPA Foundation, a 501(c)(3) tax-exempt charitable, educational, and scientific organization, educates the public on the value of general aviation. The AOPA Foundation works to improve aviation safety through the Air Safety Institute, preserve community airports, and encourage learning to fly for career and personal benefit – all in the interest of ensuring the future of general aviation in America.

## A MESSAGE FROM MARK BAKER

Thanks to the support of generous AOPA Foundation donors like you, AOPA is helping thousands of high school students discover aviation, improving the flight training experience, making flying more accessible and affordable, bringing lapsed pilots back into the fold, and delivering life-saving safety information that is used millions of times each year.

In 2018, the You Can Fly program put aviation STEM education programs in the hands of high school students nationwide, opening doors to careers in aviation and aerospace. And we're on track to deliver a four-year suite of aviation coursework by 2021.

Since its inception, the You Can Fly program has also recognized hundreds of flight schools and CFIs for delivering exceptional training experiences, launched more than 100 flying clubs to help provide greater access to aircraft and a stronger sense of community, and welcomed more than 6,000 formerly rusty pilots back into the cockpit.

At the same time, the AOPA Air Safety Institute has extended its reach further than ever before, delivering safety courses, videos, and reports more than five million times in 2018 alone.

Thanks to you, the You Can Fly program and the AOPA Air Safety Institute are making meaningful, measurable differences every day.

By donating to the AOPA Foundation, you have a direct impact on our ability to keep these programs—and our pilot community—growing.

Everywhere I go, government and industry officials, both here and abroad, are talking about the challenges facing aviation—falling pilot numbers, a shortage of commercial pilots, the critical need for a safe and vibrant aviation system. But AOPA is delivering solutions. We're getting people flying, keeping them flying, and giving them the tools to fly more safely. And we're only able to do it because of you.

You, and all of your fellow contributors listed in these pages, are fueling the future of aviation.

Thank you,

**Mark R. Baker**

## A MESSAGE FROM LESSING STERN

With deep gratitude, thank you for supporting the AOPA Foundation and demonstrating your commitment to general aviation. As a fellow donor, I hope you will be as proud as I am of what the AOPA Foundation has accomplished in 2018 with our support.

Together we raised nearly \$8 million to build a stronger, safer pilot community to protect our freedom to fly. We funded the You Can Fly program to get and keep more pilots flying, which is not only life-changing for individuals, but collectively makes us a larger constituency for effective advocacy efforts. We supported the AOPA Air Safety Institute's research and education programs that help save lives and make the skies safer for all of us.

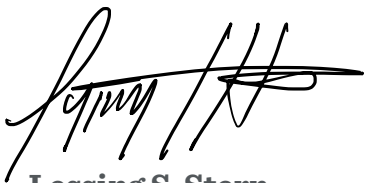

As you will see on the following pages, our contributions are being put to great use and we are getting terrific results from these programs. This important work is funded by generous donations to the AOPA Foundation – it simply could not be done without our support.

Considering everything aviation has given to me, I want to do all I can to ensure others have the opportunity to join our community. It is incredibly heartening to see

how many of you feel the same. Thankfully our support is amplified by the AOPA Foundation's dedication, determination, and sheer scale. Together we are creating a brighter future for general aviation.

Thank you again,

## MEET JENNIFER STORM

Jennifer Storm returned to AOPA in July 2018 as Vice President of the AOPA Foundation to raise resources for programs that grow the pilot population, improve safety, and make flying more accessible and affordable.

After flight instructing at the University of North Dakota, Jennifer joined AOPA in 2004 to develop education programs for the AOPA Air Safety Institute, later leading the production team. After serving as the Director of the AOPA Airport Support Network, and then becoming AOPA's Director of Public Relations, Jennifer launched the AOPA Flight Training initiative to improve the student pilot completion rate, which is now part of the You Can Fly program.

In addition to her roles at AOPA, Jennifer served as Chief Operating Officer of Assessment Compliance Group, providing safety management system (SMS) software, operations manuals, and advisory services for corporate flight departments.

After volunteering for local nonprofit organizations, Jennifer served as a board member for United Way of Frederick County. Prior to returning to AOPA, she worked for United Way Worldwide as the Director of U.S. Network Engagement and Performance, helping United Ways across the country improve their operational and fundraising performance.

Jennifer has a Bachelor of Science in Aeronautics (majors in Commercial Aviation and Flight Education) and a Master of Science in Education (major in Instructional Design and Technology) from the University of North Dakota.

She holds FAA Commercial Pilot and Flight Instructor Certificates, both with Instrument and Multiengine Ratings.

Jennifer's aviation, education, business, and nonprofit experience, along with her dedication to donor service and her commitment to building a stronger, safer pilot community, make her uniquely qualified to serve as Vice President of the AOPA Foundation.

“ It is an honor and a privilege to serve AOPA Foundation supporters who are generously funding life-changing *and life-saving* programs. ”

## YOU CAN FLY MILESTONES & ACHIEVEMENTS

THE MISSION OF AOPA'S YOU CAN FLY PROGRAM IS TO GET PEOPLE FLYING, AND KEEP THEM FLYING. FUNDED BY CONTRIBUTIONS TO THE AOPA FOUNDATION, YOU CAN FLY HAS FOUR INITIATIVES—HIGH SCHOOL, FLIGHT TRAINING, FLYING CLUBS, AND RUSTY PILOTS—THAT ADDRESS THE UNIQUE NEEDS OF EACH SEGMENT.

AOPA's You Can Fly program was created to get people flying *and keep them flying*—and it's working.

By reaching pilots and future pilots at key points in their journey, You Can Fly is introducing a new generation to aviation careers, helping improve the flight training experience, making flying more affordable and accessible, and getting lapsed pilots back in the air.

With a series of ambitious, measurable goals, each of the four You Can Fly initiatives is building a stronger pilot community.

### HIGH SCHOOL

The High School initiative provides high-quality STEM-based aviation education to students, capturing their imaginations and opening doors to aviation careers. Ninth-grade courses are now available to schools nationwide, while tenth-grade courses are being field tested in schools across the country. Each school year, a new grade level will be released until courses for grades nine through twelve are available. The curriculum is free-of-charge to schools and provides detailed lesson plans, presentations, activities, projects, assessments, and teaching aids.

### 2018 HIGHLIGHTS

- 80 schools delivered ninth-grade courses
- 25 schools field-tested tenth-grade courses
- More than 3,500 students benefited from the curriculum

## FLIGHT TRAINING

Learning to fly is a formative experience for every pilot. The Flight Training initiative aims to make it a great one. Through a combination of technology, training, support, and recognition, the initiative is helping schools create the kinds of training experiences that keep pilots coming back. The Flight Training Experience Awards recognize schools and instructors that do it right. And a new two-day customer service course gives schools the tools to develop a culture of excellence.

### 2018 HIGHLIGHTS

---

- 954 flight schools evaluated, 83 recognized with Flight Training Experience Awards
- 1,849 CFIs evaluated, 128 recognized with Flight Training Experience Awards
- New customer service course developed

## FLYING CLUBS

Greater access to aircraft at a lower cost—plus a community of fellow pilots to share the fun. That's just some of what flying clubs can deliver to members, and that's why the Flying Clubs initiative is helping launch, grow, and support clubs nationwide. With extensive online resources, workshops, and even one-on-one assistance, it's never been easier to start a new club and share the advantages of aircraft ownership.

### 2018 HIGHLIGHTS

---

- 37 new flying clubs launched, making more than 100 total since inception
- 45 Maximum Fun, Minimum Cost seminars delivered

## RUSTY PILOTS

Sometimes life gets in the way of flying. But once a pilot, always a pilot. And when lapsed pilots are ready to return to flying, the Rusty Pilots initiative is there to make it easier. With in-person seminars and a new online course, pilots can refresh their knowledge and connect with flight schools and instructors so they can complete a flight review and get back in the air.

### 2018 HIGHLIGHTS

---

- 175 live seminars delivered
- 800 online course completions
- 41% of truly rusty participants reported completing a flight review
- 1,250 seminar attendees completed their flight review, totaling more than 6,000 since inception

## SCHOLARSHIPS

Among the AOPA Foundation-funded efforts to grow the pilot population, flight training scholarships provide important financial assistance to help aspiring pilots achieve their dreams of flight.

In 2018, 38 scholarships ranging from \$2,500 to \$10,000, and totaling more than \$186,000, were awarded to individuals ranging in age from 15 to 56. Of the 38 recipients, 20 received AOPA High School Flight Training Scholarships, which are made possible through the generosity of the Ray Foundation.

The remaining 18 scholarships were awarded for primary training, and for the first time in 2018, AOPA awarded scholarships for advanced certificates and ratings, enabling scholarship awardees to take their aviation goals even further.

While each recipient had a unique story about their path to flight training, they all shared a common passion for aviation. All scholarship recipients are on their way to earning their pilot certificates and advancing their training thanks to funding from generous AOPA Foundation donors.

## AOPA AIR SAFETY INSTITUTE MILESTONES & ACHIEVEMENTS

THANKS TO GENEROUS DONORS TO THE AOPA FOUNDATION, THE AOPA AIR SAFETY INSTITUTE CREATES SAFETY EDUCATION RESOURCES THAT ARE AVAILABLE TO ALL PILOTS FREE OF CHARGE. IN 2018, ASI'S SEMINARS, VIDEOS, PODCASTS, AND PUBLICATIONS WERE UTILIZED MORE THAN 5.7 MILLION TIMES.

2018 was another record-breaking year for the AOPA Air Safety Institute (ASI). As ASI continued its positive impact on general aviation safety in 2018 through education, research, and analysis, our courses, videos, podcasts and seminars were accessed more than 5.7 million times—a 57 percent increase from 2017. And although the accident rate of .89 per 100,000 flight hours showed a slight increase from FY2017, it remained below the FAA's not-to-exceed target of one accident per 100,000 flight hours.

Another 2018 ASI highlight was the release of the Focused Flight Review—a new scenario-based flight review curriculum developed in collaboration with industry partners. The program targets a variety of operational areas to improve fundamental stick-and-rudder skills, decision making, as well as understanding of aircraft operating envelopes, technologies, aircraft performance capabilities, and loss-of-control avoidance.

The AOPA Air Safety Institute is grateful for the generous support of AOPA Foundation donors who make our safety programs and outreach possible.

### SEMINARS

ASI's in-person seminars attracted more than 18,000 pilots and aviation enthusiasts to nationwide venues. ASI started the seminar year with Collision Course: Avoiding Airborne Traffic, which was funded by the generous support of Joyce Gardella in memory of her late husband, Paul Gardella, who died in a midair collision. The fall seminar focused on weather accidents, and various other topics were presented at industry and association events, airshows, and AOPA Fly-Ins.

## VIDEOS

ASI's videos were viewed more than 5.4 million times on YouTube in 2018. Ten new safety videos were added, which included two Accident Case Studies, two ASI Safety Tips, three new Ask ATC videos, safety videos about datalink weather, density altitude, and a gripping new video about an engine failure in a P-51 Mustang that continues to set new records for all-time views.

## PODCASTS

ASI's "There I Was..." podcast series continued to gain momentum from its 2017 debut with more than 110,000 listens. New to the series in 2018 were engaging stories from AOPA President & Chief Executive Officer Mark Baker, airshow performer Michael Goulian, British warbird pilot Mark Levy, and country music star Aaron Tippin.

## FLIGHT INSTRUCTOR REFRESHER COURSES

During 2018, more than 7,700 flight instructors completed ASI's in-person and online flight instructor refresher courses (FIRC). ASI

redesigned its in-person FIRC presentation and added two new elective modules: Unmanned Aircraft Systems and Instructing with the Airman Certification Standards. ASI's online FIRC has been upgraded to allow for improved customer support and reduced costs.

## RESEARCH AND ANALYSIS

ASI continued to provide industry-leading research and analysis on GA accident trends through its 27th Joseph T. Nall Report and General Aviation Accident Scorecard. ASI created a new Safety Highlights report on the Cessna Citation series and partnered with Liberty University to publish a report that reviews the major causes of fatal flight training accidents from 2000 to 2015.

## 2018 YOU CAN FLY CHALLENGE

For the third consecutive year, the AOPA Foundation was challenged by the Ray Foundation, established by the late pilot and philanthropist, James C. Ray, to raise funds in support of the You Can Fly program. The Ray Foundation offered to provide a matching grant of \$1.4 million if the AOPA Foundation could raise a like amount in a 180-day period.

Thanks to the generosity of more than 3,800 donors who contributed more than \$1.8 million for You Can Fly, the AOPA Foundation met and exceeded the 2018 You Can Fly Challenge. Inspired by the generosity of these supporters, the Ray Foundation increased its matching grant to \$1.8 million, for a total of more than \$3.6 million in program dollars to help get *and keep* more pilots flying.

Many thanks to all those who helped make the 2018 You Can Fly Challenge a success, and to the Ray Foundation for its generous and visionary support of the You Can Fly program.

## SCHOLARSHIP DONORS

Thanks to the generosity of the following donors, scholarships were awarded to help aspiring and current pilots achieve their flight training goals.
