

AOPA FOUNDATION

2014

ANNUAL REPORT

...the AOPA Foundation puts your contributions to their best use in the interests of general aviation and all of us who value it.

A LETTER FROM MARK BAKER

AS AOPA'S PRESIDENT, I spend every day fighting for our freedom to fly. Whether I'm on Capitol Hill testifying before Congress about third-class medical reform, working with industry and government leaders to make ADS-B more affordable, or traveling the country and listening to pilots about the issues that matter most to them, protecting general aviation is always my biggest concern.

Thankfully, I'm not in the fight alone. Each year, the AOPA Foundation funds programs and projects that make general aviation better and stronger. By working to improve safety, protect our airports, encourage more people to fly and serve the general aviation community, the AOPA Foundation is ensuring the future of GA for all of us who fly today and for generations to come.

From free online educational courses and exhaustive accident analysis, to Rusty Pilots seminars and Giving Back grants, the AOPA Foundation puts your contributions to their best use in the interests of general aviation and all of us who value it.

It should come as no surprise that AOPA membership dues alone cannot support all the programs that help tackle the issues facing GA today. We depend on the AOPA Foundation, and the Foundation depends on you.

Listed in the Foundation's annual report are those who have made generous donations in 2014. To them, I offer my sincerest thanks. As you'll see in this report, their contributions really do make a

tangible difference to pilots flying now and those who will follow. Thank you for making the AOPA Foundation your charity of choice.

Sincerely,

Mark R. Baker
Chief Executive Officer & President
AOPA Foundation

NED W. BENNETT

A MESSAGE FROM THE CHAIRMAN

I AM PROUD TO HAVE SERVED as the Chairman of the AOPA Foundation's Board of Visitors since 2011. In that time, I've seen first-hand the impact that the Foundation's donors have on preserving the freedom to fly. Each year, thousands of AOPA members go above and beyond by making the AOPA Foundation their charity of choice. This AOPA Foundation Annual Report will provide you with a snapshot of what we achieved in 2014...thanks to you, our donors.

Last year, the AOPA Foundation provided \$4.7 million to programs that kept pilots safe, encouraged more people to fly, and strengthen our national GA community. With a record number of donors in 2014, the AOPA Foundation was able to fund a vast array of programs, all of them designed to strengthen general aviation for years to come.

Your support helped the Foundation fund the Air Safety Institute's work, including live safety seminars, online courses, webinars, online and in-person flight instructor refresher clinics, publications, videos, and quizzes. The Institute's educational offerings are free for anyone,

regardless of whether they are members of AOPA, thanks to donors like you who cover the cost of these valuable programs.

Your donations in 2014 supported our work to preserve and protect community airports. Our Airport Support Network volunteers—2,500 of them—worked tirelessly to protect our airports and make sure that GA's enormous contributions are recognized in our communities.

With your help, we provided 11 flight training scholarships to deserving student pilots. Through our Giving Back program, 10 deserving aviation charities received modest grants to help them boost critical aviation services to those in need.

Your contributions helped us launch the popular Rusty Pilots program that has encouraged hundreds of people get back into the cockpit. The AOPA Foundation also supported the popular AOPA AV8RS program for teens. You are helping us develop a new generation of pilots, aviation industry leaders, and AOPA members. In an effort to making flying more accessible

and affordable to more people, AOPA launched a test program to remanufacture Cessna 152s to be used by flying clubs and small flight schools.

Membership dues alone can't provide the support necessary to carry out programs that tackle difficult issues that GA continues to face. We simply couldn't do it without donors like you who contribute year after year to the AOPA Foundation. It is a great honor to stand with you in support of this wonderful and worthy cause. This annual report is dedicated to you and others like you who make all of our work possible.

Ned W. Bennett
Chairman (2011-2014)
AOPA Foundation Board of Visitors

Last year, we were able to provide
\$4.7 MILLION
 to programs that kept pilots
 safe, encouraged more people to
 fly, and strengthened our national
 GA community.

MAKE AN IMPACT ON THE FUTURE OF GA AS PART OF THE LEGACY SOCIETY
 As of 2014, more than 150 AOPA members have included the AOPA Foundation in their estate planning. Join the Legacy Society and you can make a substantial impact on the future of general aviation at a much higher level than you may have thought. Planned gifts allow you to make the most of all your assets when thinking about your charitable giving, while benefitting from tax savings. Take a look at the many options you have with planned giving, visit foundation.aopa.org/legacy.

...online products,
seminars, and flight instructor
renewals exceeded

2,000,000

—a new record.

AOPA AIR SAFETY INSTITUTE A MISSION TO LIVE BY

SINCE AOPA'S EARLIEST BEGINNINGS more than 75 years ago, safety has been among our primary missions. Today, the AOPA Air Safety Institute, a division of the AOPA Foundation, is the world's undisputed leader in providing safety and proficiency training and resources to pilots—absolutely free of charge.

Each year, the Institute's products and programs have been expanded, updated and improved, thanks to generous gifts from AOPA Foundation donors like you. And 2014 was another banner year—both in terms of expanding our offerings to pilots, and reaching a larger audience of pilots.

Here are some of the highlights of the year:

- 2014 was an active and successful year as participation in the AOPA Air Safety Institute's online products, seminars, and flight instructor renewals exceeded 2,000,000—a new record. Contributing to our success was the development of eight new safety videos, seven safety quizzes, two new webinars, five new publications, two live seminars conducted at 200 locations nationwide, and much more.
- ASI's Facebook presence increased seven-fold in 2014, to more than 140,000 "Likes"—making our Facebook page one of the most popular GA sites on social media. More than 7,000 people have

subscribed to our YouTube channels, and our videos were viewed 800,000 times in 2014.

- Learn & Earn a new, innovative, fun, and engaging way to participate in ASI's online programs was launched in 2014. This interactive challenge pairs students and pilots with a safety syllabus matched to their experience and flying style, and automatically enters participants into a quarterly Sporty's prize drawing upon completion of any eligible safety program.

- The AOPA Air Safety Institute hosted 200 live safety seminars in 2014, attended by 30,000 pilots and aviation enthusiasts. These seminars included such topics as understanding of weather resources and the factors that can lead to weather-related accident; *Live Accident Case Study*; and two new webinars, *Datalink: Cockpit Do's and Don'ts* with Bruce Landsberg and datalink expert Dr. David Strahle, and *Known Icing, Known Risk* featuring George Perry and National Weather Service meteorologists Pat Murphy and Gregory Harris.
- The AOPA Air Safety Institute expanded our online library of safety videos in 2014 with these new titles:
 - *Datalink Weather: From Concept to Cockpit*
 - *Survive: Beyond the Forced Landing*
 - *Takeoffs and Landings: Crosswind Approaches*
 - *Takeoffs and Landings: Base-to-Final Turn*
 - *Takeoffs and Landings: Crosswind Landings*
 - *Flying the Weather: T-Storm Toolbox*
 - *Pilot Safety Announcement: Living on the Edge*
- With over 20,000 monthly completions, ASI's popular online safety quizzes offer a quick and effective way of

The AOPA Air Safety Institute
hosted 200 live safety seminars
in 2014, attended by

30,000

pilots and aviation enthusiasts

challenging pilots' knowledge to help them fly safer. ASI launched a new *Thunderstorm Hazards* quiz in 2014 and continued our IFR quiz series with six new titles that included *Obstacle Departure Procedures*, *Crescent City Non-Precision Approach*, *GPS Approaches*, *A Tale of Two ILSs*, *Boardwalk Approach*, and *Winter Escape*.

- The AOPA Air Safety Institute published several recurring and new publications in 2014. Among them was *Accident Scorecard*, which summarizes general aviation accidents over two years. The 23RD *Joseph T. Nall Report* is ASI's flagship annual review of trends and patterns in general aviation accidents, and serves as the definitive source on the state of GA safety for government, academia, the media, and industry. In *Accidents During Flight Instruction: A Review*, we looked at a decade's worth of instructional accidents, offering insights into risk reduction for CFI's, flight schools, and pilots seeking recurrent or transition training.

MEET GEORGE PERRY

GEORGE PERRY, CDR USN (RET.), TOOK ON THE ROLE of Senior Vice President of the AOPA Foundation's AOPA Air Safety Institute in September 2014. He comes to AOPA with a diverse background both in general aviation and military aviation. In addition to being an active GA pilot since the age of 16, he's a 20-year veteran of the U.S. Navy as an F-18E squadron commanding officer.

During George's career in the Navy, he held numerous senior aviation safety leadership positions including Director of F-14 Tomcat fleet safety programs, Safety Director in both Carrier Air Wing Seven and Three, as well as F-18E Super Hornet carrier pilot training manager.

In addition to being an F-18 and F-14 pilot instructor and check pilot, George has over 850 carrier-arrested landings, holds ATP, CFII, and MEI certificates, has logged over 5,000 hours. He currently owns a Mooney M20S. George's education background includes a bachelor's degree in Aeronautical Science from Embry-Riddle Aeronautical University, an MBA from the Naval Post Graduate School in Monterey, California, and he is also a graduate of the U.S. Navy's Aviation Safety School.

By making these scholarships possible, our AOPA Foundation donors have given a

PRICELESS

and lifetime gift to 11 passionate aviators...

ENCOURAGING MORE PEOPLE TO FLY

RUSTY PILOTS. Support to the AOPA Foundation helped us fund the launch of Rusty Pilots, an easy and fun new way for pilots who have gotten away from flying to get back in the cockpit. AOPA's Rusty Pilots program allows lapsed pilots a way to return to flying in a matter of hours through a free session of ground school that fulfills the Federal Aviation Administration's flight review requirement for ground instruction.

After the seminar, which includes topics such as a refresher on airspace and the most pertinent regulations, pilots can work directly with a local flight school or flying club to schedule dual flight-time in order to complete a flight review.

FLIGHT TRAINING SCHOLARSHIPS. To support outstanding student pilots, the AOPA Foundation awarded 11 flight training scholarships in 2014. Recipients were chosen on merit, including previous accomplishments, ability to set goals, and demonstrated commitment to flight training and general aviation. By making these scholarships possible, our AOPA Foundation donors have given a priceless and lifetime gift to 11 passionate aviators who might otherwise never had the opportunity to live the dream that we have been privileged to share.

152 REIMAGINED. The high cost of flying has been a major factor in the decline of our GA pilot population as well as the overall hours flown by GA pilots each year. In a demonstration

project designed to bring a reliable, cost-effective aircraft to market, AOPA launched a program to test the remanufacturing of Cessna 152s at very affordable prices for flying clubs and small flight schools. Through this program, we hope to show that, by sharing costs among students or pilots, these aircraft can be owned and operated at a cost of approximately \$65 per hour including fuel. AOPA does not profit from the refurbishment of Reimagined aircraft, but will ensure that these aircraft can be acquired with competitive financing and insurance options through the AOPA Aviation Finance program and AOPA Insurance Services.

AOPA AV8RS YOUTH PROGRAM. The AOPA AV8RS program was developed to engage teens, ages 13-18, and raise awareness of aviation and aerospace through education, engagement, and support, and subsequently develop a new generation of pilots, industry leaders, and AOPA members. AV8RS includes special benefits and programs all offered for free to our young members. Since launching in 2013, more than 7,000 teenagers had joined AV8RS through the end of 2014, thanks to the generosity of our AOPA Foundation contributors who have made this program possible.

...the AOPA Foundation played a key role in the extraordinary success of the Fly-Ins, with over

16,000

total attendees.

A NATIONAL GA COMMUNITY BUILDING AND STRENGTHENING

AOPA FLY-INS. In 2014, we launched a new, regional fly-in program to replace our annual Summit and give more pilots and GA enthusiasts the opportunity to meet and have fun flying. Thanks to the generous support of our donors, the AOPA Foundation played a key sponsorship role in the extraordinary success of this new program. Our 2014 events were held at KHVI (San Marcos, Texas), KMQJ (Indianapolis, Indiana), KPVM (Plymouth, Massachusetts), KSFF (Spokane, Washington), KCNO (Chino, California), and KSSI (St. Simons, Georgia). In addition, we renewed an old AOPA tradition with a “Homecoming” event here at KFDK, AOPA’s home airport in Frederick, Md. Each of these events drew hundreds of aircraft, and the total number of attendees far surpassed our expectations, with over 16,000 total attendees.

GIVING BACK. Across the country, there are hundreds of small aviation charities that are doing extraordinary work through general aviation – transporting medical patients, offering search and rescue services, providing support to conservation efforts, sparking interest in GA among our young people, and much more. We know that many of these organizations operate on shoestring budgets, and could do much more with a little help. Through our AOPA Foundation Giving Back grant program, we’re providing modest grants to 10 organizations each year, helping to jump-start their programs and further showcase the enormous benefit that GA provides to our country.

Our 2014 grants recipients were: Air Serv International, for their humanitarian programs

and disaster relief efforts; TigerFlight Foundation, which uses flight plans as a way to teach middle school students about important character traits; Patient Airlift Services, for arranging volunteer medical flights and free air transportation for needy individuals throughout the Northeast; Civil Air Patrol New York City Group, to help inner-city youth understand and appreciate aviation by taking them on aviation-related field trips; Wings Over the Rockies Air and Space Museum’s program to support student pilots; Operation Migration, for its work in using GA to restore an endangered population of whooping cranes; SCAPA Disaster Airlift Response

Team, for their efforts to provide faster, safer and more effective disaster relief missions; Aviation Adventures, to provide a hands-on introductory aviation program for girls in underserved communities; Great Eastern Balloon Association, to help balloon pilots learn to safely operate their aircraft in the wires and obstruction environment; CAVU, for using aviation to solve complex problems related to the management and conservation of natural resources. Thanks to the generosity of our AOPA Foundation donors, these worthy organizations are now providing more pilots with rewarding opportunities to exercise their privileges, helping others in need, and showcasing GA’s key role in the life and health of our nation.

HAT IN THE RING SOCIETY

Named after Eddie Rickenbacker's 94th Aero Squadron, the Hat in the Ring Society members help shape and build a stronger future for general aviation. Hat in the Ring Society members receive special benefits and event invitations to honor their generosity, leadership and service. Membership begins at \$1,000 per year, while Bronze Level members support the AOPA Foundation at \$2,500 per year, and Silver Level membership begins at \$5,000 per year.

“GIVE WINGS” AIRCRAFT DONATIONS

The AOPA Foundation’s airplane donation program, like many organizations’ car donation programs, allows a donor to bypass the hassle of selling and gain a tax benefit, all while contributing to a worthy cause.

Robert Disse Jr.
 Gary W. Hyatt
 Sheldon Katz
 Harry L. Phillips Jr.

GENEROUS DONORS OF \$10,000-\$200,000

Canadian Owners & Pilots Association Flight Safety Foundation
 Claude E. Blackburn
 F. M. Kirby Foundation
 GAMA
 The Richard R. & Gretchen E. Harper Scholarship in memory of Richard R. Harper
 Glenn Plymate
 Walton Family Foundation

AOPA MEMBERS RESPONDING TO THE CHALLENGE

IN 2014, THE AOPA FOUNDATION launched a matching gift campaign thanks to a combined challenge grant provided by AOPA members Bennett Dorrance and Lessing Stern, along with our dedicated Board of Visitors members. Collectively they offered \$75,000 and challenged AOPA members to match the amount. Members responded with many generous gifts and helped us surpass the goal with contributions adding up to \$400,000. Our heartfelt thanks go to all of those who supported this effort and helped the Foundation protect the freedom to fly. Because of you, we can ensure that those who dream of learning to fly will always have the opportunity to make that dream come alive.

ABOUT THE AOPA FOUNDATION

As the charitable arm of AOPA, the AOPA Foundation helps to provide funding for important work that membership dues alone cannot support. To amplify the work of the membership association, the AOPA Foundation provides funding for challenging projects that will keep general aviation strong and preserve Americans' freedom to fly.

MISSION

The AOPA Foundation, a 501(c)(3) tax-exempt charitable, educational and scientific organization, educates the public on the value of general aviation. The AOPA Foundation works to improve aviation safety through the Air Safety Institute, preserve community airports, and encourage learning to fly for career and personal benefit—all in the interest of ensuring the future of general aviation in America.
