## ABOUT THE AOPA FOUNDATION

As the charitable arm of AOPA, the Foundation raises funds through gifts from generous donors who make contributions above and beyond their AOPA membership dues. The You Can Fly program and the AOPA Air Safety Institute are funded through charitable gifts to the Foundation. Together, we are making general aviation safer, more affordable, and more accessible.

## AOPA FOUNDATION MISSION

The AOPA Foundation, a 501(c)(3) tax-exempt charitable, educational and scientific organization, educates the public on the value of general aviation. The AOPA Foundation works to improve aviation safety through the Air Safety Institute, preserve community airports, and encourage learning to fly for career and personal benefit—all in the interest of ensuring the future of general aviation in America.

## A MESSAGE FROM MARK BAKER

In 2017, AOPA achieved significant victories that we will build on in 2018—thanks to the support of Foundation donors like you. We've been concerned about the problems facing GA for years—pilot numbers declining, costs increasing, and accessibility to aircraft decreasing. Now, on all fronts, we're moving the needle in a positive direction for general aviation.

In 2017, the You Can Fly program began field-testing the first-of-its-kind high school aviation STEM curriculum in schools across the nation. Our goal is to inspire and nurture students as they pursue aviation careers. We're on track to have a suite of 9th through 12th grade coursework in schools by 2021.

BasicMed is giving thousands of existing pilots their wings back and new flying clubs are providing affordable access to aircraft. Also, the skies have never been safer thanks in large part to the safety videos, seminars, and other tools provided through the Air Safety Institute.

AOPA is 300,000 members strong. Together, we are working to build and sustain a bigger, stronger, more vibrant, and more resilient pilot community. Your generosity makes programs like You Can Fly and the Air Safety Institute possible. Your passion for aviation is inspiring aviators of all ages, and AOPA is working to instill that same passion in the next generation of pilots and aerospace professionals. Together, we are bringing positive changes to general aviation. You, and all of the other contributors listed in these pages, are critical to our work—and I thank you for being part of the solution for aviation.

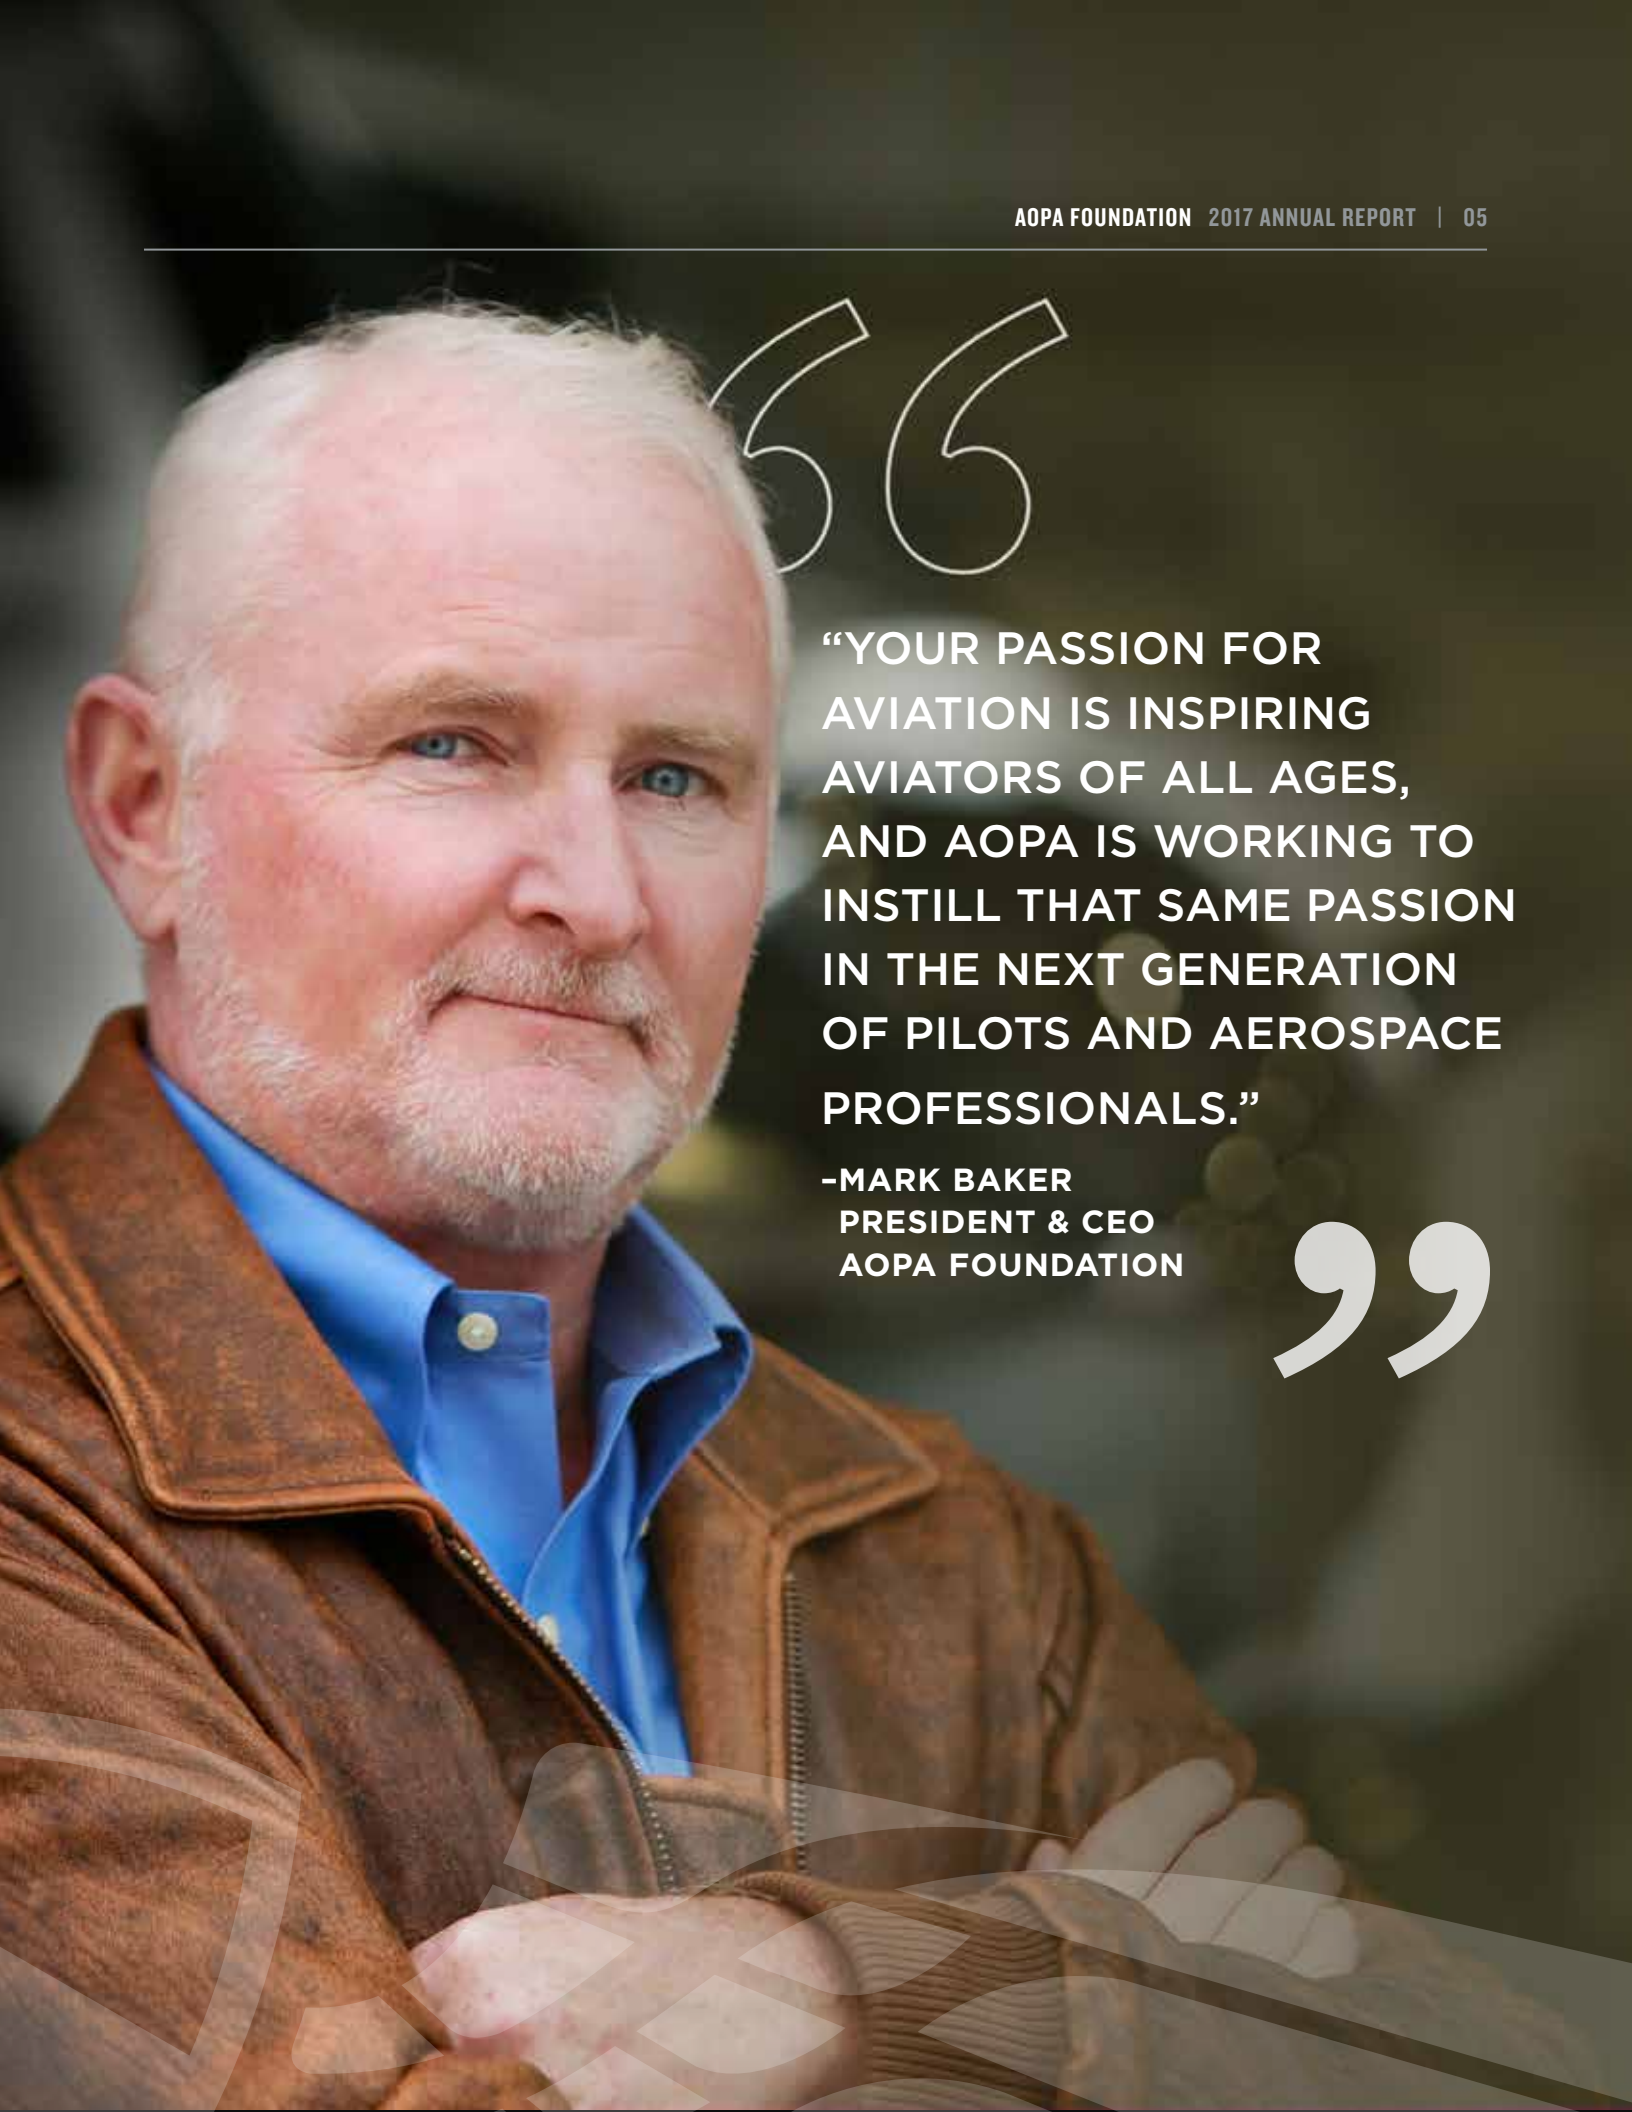

Blue Skies,

**Mark R. Baker**

*President & CEO, AOPA Foundation*

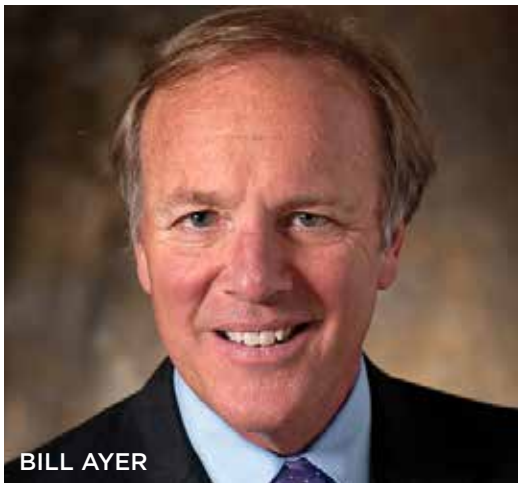

“

**“YOUR PASSION FOR AVIATION IS INSPIRING AVIATORS OF ALL AGES, AND AOPA IS WORKING TO INSTILL THAT SAME PASSION IN THE NEXT GENERATION OF PILOTS AND AEROSPACE PROFESSIONALS.”**

**BILL AYER**

## **A MESSAGE FROM BILL AYER**

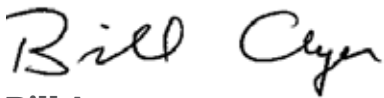

Thank you for your commitment to the future of aviation and for your generous support of the AOPA Foundation. AOPA is ideally positioned to lead the effort to bolster general aviation. With your help we are making a real and measurable difference.

In 2017, the programs you funded made great strides, and there's much more ahead. With your continued help, the pilot community will grow as high school students take aviation STEM courses developed by the AOPA You Can Fly team. Pilots will become safer thanks to programs developed by the Air Safety Institute. More student pilots will complete their training because flight schools will have the tools and know-how to be successful. And flying clubs will expand to ensure affordable and fun flying.

Please join me in celebrating this year's success along this important journey. Thanks again for your generosity.

Fly Safely,

**Bill Ayer**

## YOU CAN FLY MILESTONES & ACHIEVEMENTS

THE MISSION OF AOPA'S YOU CAN FLY PROGRAM IS TO GET PEOPLE FLYING, AND KEEP THEM FLYING. FUNDED BY CONTRIBUTIONS TO THE AOPA FOUNDATION, YOU CAN FLY IS COMPOSED OF FOUR INITIATIVES—HIGH SCHOOL, FLIGHT TRAINING, FLYING CLUBS, AND RUSTY PILOTS—THAT ADDRESS THE UNIQUE NEEDS OF EACH SEGMENT.

With a set of aggressive short- and long-term goals focused on making general aviation more accessible and more affordable, the multifaceted approach is helping to build a bigger, stronger, more vibrant, and more resilient pilot community.

In 2017, more than 700 ninth-graders took part in the first year of high school curriculum field testing; the Flight Training Experience Awards recognized 89 flight schools and 72 CFIs for delivering excellent customer experiences; 30 new flying clubs serving approximately 450 members were launched with the help of the You Can Fly team; and more than 38 percent of the lapsed pilots who attended a Rusty Pilots seminar went on to complete a flight review and return to active flying status.

### HIGH SCHOOL

By providing high-quality STEM-based aviation education to high school students nationwide, AOPA is opening the door to aviation careers for thousands of teens. The courses are designed to capture the imagination and give students from diverse backgrounds the tools to pursue advanced education and careers in aviation fields.

### HIGH SCHOOL 2017 HIGHLIGHTS

- 700+ students in 29 schools field tested the ninth-grade course
- \$115,000 in scholarships awarded
- 250+ educators, principals, superintendents and other decision-makers participated in the third annual AOPA Aviation STEM Symposium
- \$47,500 in symposium sponsorships

### FLIGHT TRAINING 2017 HIGHLIGHTS

- First meeting of the Flight Training Advisory Board
- 1,048 flight schools and 2,012 CFIs evaluated through Flight Training Experience Surveys
- 89 flight schools and 72 CFIs recognized with Flight Training Experience Awards

## FLIGHT TRAINING

A great training experience is the foundation for a life-long love of flying. That's why the Flight Training initiative is developing tools, education, and support to make the experience easier and more enjoyable for students and training providers alike. It's also why we created the Flight Training Experience Awards to recognize flight schools and instructors who deliver the kind of training experiences that keep customers coming back for more.

## FLYING CLUBS

Fly more affordably. Enjoy greater flexibility and access to aircraft. Be part of a vibrant community of pilots. These are just a few of the things aviators want from their flying. And flying clubs can deliver them all. The Flying Clubs initiative focuses on promoting and building flying clubs so more pilots can enjoy the benefits of shared ownership and community. Since its inception, the program has launched 65 new clubs serving an estimated 960 pilots in locations nationwide.

## RUSTY PILOTS

Each year, thousands of pilots stop flying for one reason or another. And while many pilots intend to get back in the air when the time is right, the path forward can be confusing. The Rusty Pilots initiative is changing that by making it easy for lapsed pilots to return to the air. Each Rusty Pilots seminar provides approximately three hours of fun, interactive ground training on topics required for the flight review, and participants receive an instructor's endorsement for that training.

### FLYING CLUBS 2017 HIGHLIGHTS

- 30 new flying clubs started
- 141 flying clubs surveyed to establish baseline health
- 34 Maximum Fun, Minimum Cost seminars delivered

### RUSTY PILOTS 2017 HIGHLIGHTS

- 266 seminars held nationwide
- 8,270 total attendees, including 5,054 truly "rusty" pilots
- 38% of truly "rusty" attendees completed a flight review
- Estimated 1,895 rusty pilots returned to active flying status

“

**“TOGETHER WE ARE MAKING A DIFFERENCE. WE ARE PROVIDING OPTIONS TO MAKE FLYING MORE AFFORDABLE AND RESOURCES TO MAKE FLYING SAFER. AND WE ARE FOCUSING ON STRENGTHENING THE COMMUNITY OF PILOTS TODAY AND FOR FUTURE GENERATIONS.”**

**- MARK BAKER  
PRESIDENT & CEO, AOPA FOUNDATION**

”

## SCHOLARSHIPS

Among the Foundation-funded efforts to increase the pilot population, scholarships are critical in providing the financial means to assist aspiring pilots in achieving their dreams of flight.

In 2017, eighteen scholarships ranging from \$2,500 to \$5,000 were awarded to individuals nationwide. The recipients ranged in ages from 17 to 62, and while they each had a unique story about their path to flight training, they shared a common passion for aviation. Now they are on their way to earning their pilot certificates thanks to funding from generous AOPA Foundation donors.

Combined with the 23 recipients of the AOPA You Can Fly High School Flight Training Scholarship program, the AOPA Foundation provided more than \$175,000 in 2017 to 41 future pilots. As a direct result of this program, the future of general aviation is stronger and brighter.

## AIR SAFETY INSTITUTE MILESTONES & ACHIEVEMENTS

THANKS TO GENEROUS DONORS, THE AIR SAFETY INSTITUTE CREATES SAFETY EDUCATION RESOURCES THAT ARE AVAILABLE TO ALL PILOTS FREE OF CHARGE. IN 2017, ASI'S SEMINARS, VIDEOS, PODCASTS, AND PUBLICATIONS WERE UTILIZED MORE THAN 3.6 MILLION TIMES.

ASI's goal is to make general aviation safer, and it's working. Thanks in part to the Institute's educational outreach, the general aviation accident rate experienced an all-time low of 0.84 per 100,000 flight hours in fiscal year 2017.

ASI is focused on reaching more pilots through modern content formats and outreach channels, such as podcasts and short videos. In 2017, it also expanded its research and accident analysis and published reports on the findings.

As BasicMed regulations went into effect on May 1, 2017, ASI was on the front line with an online course that participants are required to take to become qualified under BasicMed rules, and a video to explain the entire process.

### SEMINARS

Through ASI's in-person safety seminars, thousands of pilots gather at venues nationwide to interact and learn as a group. In 2017, 21,000 members of the aviation community attended seminars about flying safely at nontowered airports and during night operations.

### PODCAST

In 2017, ASI created a new podcast series — “There I Was...” — that was listened to by more than 43,000 people. Well-known pilots shared their stories of unpredictable in-flight scenarios and how they dealt with them. Mark Baker, Kenny G, Lee Lauderback, Sean Tucker, and Patty Wagstaff were among the participants in this new series that serves to both entertain and educate.

## ONLINE EDUCATION

ASI's YouTube views continue to increase each year, validating the decision to focus on more video production to expand outreach. In 2017, ASI videos were viewed more than 3.3 million times. New videos were added to the collection, including an accident case study about a vacuum pump failure in IMC, safety tips on radio communication and crosswind taxiing, fuel management techniques, and fly-in procedures.

To ensure users have access to ASI videos from a variety of devices, ASI continues to convert its legacy products to a format that enables iPad compatibility.

## FLIGHT INSTRUCTOR REFRESHER COURSES

ASI reaches the flight instructor community directly by hosting in-person and online Flight Instructor Refresher Courses. In 2017, more than 8,000 flight instructors participated in the refresher courses and received vital safety information, tips from their peers, and updates on changes to aviation regulations—which contributes to the professionalism, knowledge, and safety of flight training providers.

## RESEARCH AND ANALYSIS

With a combination of analytical capabilities and outreach to the entire pilot community, ASI is in a unique position to research safety trends and disseminate the information to pilots and flight instructors. In 2017, ASI published the most comprehensive report on stalls and spins in the GA industry, a type-specific review of the Cessna 150/152 accident record, the 26th *Joseph T. Nall Report*, and other vital research-based safety reports.
